Dear Sirs,

EC Harris has worked on four major hotels in Kazakhstan with LCA-CEVRIM Co. Ltd. as the Principal Mechanical Contractor. The four projects are:

1. The Marriott Renaissance Hotel in Aktau.. .Now complete.
2. The Marriott Renaissance Hotel in Atyrau... .Now complete
3. The JW Marriott Hotel complex in Almaty... Under Construction
4. The Marriott Executive Apartments in Atirau.. .Under Construction

Our involvement has been acting as the Clients Agent (Marriott International Inc) for all MEP services including:

1. Design review
2. On site progress in terms of the quality of the installation
3. The inclusion of all compliance works to meet both international codes and specific brand standards
4. Commissioning and testing of live systems

In my involvement with LCA-CEVRIM Group I have found the Company and individuals within that Company open for discussion, willing to accept both criticisms and acknowledgement of work well done. I have found them both diligent and genuinely interested in the projects that they have been awarded in competitive tender.

Acting, both in my role of Clients Agent for a major international hotel group and in my role as a senior MEP Associate of EC Harris a major international firm of specialist consultants QS's and Project Managers, I have no hesitation in stating that I would recommend LCA-CEVRIM on major international MEP projects in the future and to include them on future tender lists.

Yours Faithfully

Alasdair Kennedy
Associate
MEP Project Management.
